PROFESSIONAL SUMMARY

Motivated second-year Bachelor of Information and Communication Technology (Honours) undergraduate at the University of Vavuniya with a strong foundation in programming, object-oriented software development, web development, and database concepts. Passionate about software engineering and continuously improving technical skills through academic and personal projects. Seeking a Software Developer Internship where I can contribute, learn from experienced professionals, and gain hands-on industry experience.

TECHNICAL SKILLS

Programming Languages: Java, Python, C#, C++, JavaScript, HTML5, CSS3

Database: MySQL

Tools & Technologies: Git, GitHub, Visual Studio Code, Visual Studio, Figma

Operating Systems: Windows

PROJECTS

Student Management System | [C++](#)

- Developed a console-based application to manage student records and academic information.
- Applied object-oriented programming principles to structure the application.
- Designed features to improve student record management and reduce manual work.
- Independently developed the project to strengthen C++ programming and problem-solving skills.

Student Portal (UI/UX Prototype) | [Figma](#)

- Designed a responsive user interface for a student portal using Figma.
- Created screens for accessing course information, announcements, and academic resources.
- Focused on intuitive navigation and user-centered interface design.
- Applied UI/UX design principles to improve usability and accessibility.

Professional Portfolio Website | [HTML5](#), [CSS3](#), [JavaScript](#)

- Developed a fully responsive personal portfolio website.
- Showcases education, technical skills, leadership experience, and software projects.
- Implemented interactive animations to enhance user experience.
- Designed a clean and professional interface suitable for recruiters and employers.

EDUCATION

Bachelor of Information and Communication Technology (Honours)
